To Whom it May Concern:

My name is Viviana Martin. I attended the Rika Makeup Academy in order to obtain a Certificate allowing me to get my license as a Makeup Artist. My first payment was made on August 28, 2018. When I signed up, I was never given a copy of the Contract I signed. I was told that the printer wasn't working at the time. I was charged \$1,995.00 (One Thousand Nine Hundred Ninety-Five and 00/100 Dollars) for the classes.

I was informed that we would receive five classes in a four-hour period. That did not happen as the teacher was always running late. On many occasions, we, the students, had to wait outside for the Academy to open and for the teacher to start the class.

We were given a task of defining skin words. I did a good job; the teacher liked it and asked me for my paperwork. I gave it to her which she kept. She has not returned it to me, just like my Certificate. On several occasions, I have asked that they return my documents to me and to give me my Certificate for completing the Makeup Course for which I paid good money. To this day, I have not received it.

Sincerely,

Viviana Martin

To Whom it May Concern:

My name is Kimberly Diaz. I joined the Rika Makeup Academy because it seemed to be a short program. The school promised us a professional course that would last 13 weeks. We were to attend one day per week for four hours of which I only received three hours per week since the teacher was always late. She promised that her course would train us to immediately be able to work as a Makeup Artist which was not true.

I did not learn very much, and I never felt ready to work on anyone as a Makeup Artist. The teacher was just giving us instructions and then would sit down. She never demonstrated how to correctly apply makeup, etc. She always said that we were going super well but that was not true. While we were in class, the school was closed.

She charged me \$1,995.00 (One Thousand Nine Hundred Ninety-Five and 00/100 Dollars) and gave me a \$200.00 (Two Hundred and 00/100 Dollars) discount. It took her two months to give us our Certificate after we finish the course. She then started asking us for more money for the Graduation Ceremony. I did not attend the Ceremony because I had nothing to celebrate. I believed she just took my money and I preferred not to go. Later, I sent messages to ask Erika, the owner/teacher, to give me a valid Certificate, which I had to repeatedly ask for over a month.

What I am asking with this letter is my money back because I was robbed and for someone to do something about this Academy so that people who may be interested in this kind of training don't lose their money as I did.

Administrators Report

Administrator Kelly Wuest read the report from the submitted report in the packet, as follows:

COVID 19 Impacts

Impact on Office Operations: CPE moved on June 1, 2020 as DETR needed our current space to increase call center operations. The new office is located at 1860 E. Sahara, Las Vegas, NV. The office remains closed to the public. Staff continue to work via remote desktop enabling employees to telecommute and perform most agency functions. We have asked institutions to send any paperwork possible via email versus the mail whenever possible. I have been working out of the office 2 days a week to process mail, send out required notices and transcript requests that cannot be completed via email. While working remote has enabled us to move forward in our operations, we are finding that many processes take extra time to complete and are dependent on internet traffic or system access.

CPE has experienced issues with mail returns from the new office as well as the previous address. Currently, we have a hold on mail for the new location and pick up items directly from the post office. We are working with institutions individually concerning returned mail. This has impacted our quarterly reporting numbers as several institutions have reported the payment as returned.

I have been notified that travel restrictions may last through this budget year. This will impact investigations, provisional audits, facility review, compliance surveys, VA risk-based assessments and will eliminate unannounced audits until we are able to travel again. This will also have an impact on the VA agreement since the assigned compliance surveys and risk-based assessments determine whether the survey meets the requirements for being completed remotely. CPE must have prior approval from VA to do any survey remote. Staff is working on formal policies and procedures for remote audits and compliance surveys and will be requesting technology to aid in this process.

Institutional Licenses: Governor Sisolak's Declaration of Emergency Directive 009 (Revised) extended the license & permit issued by Boards/Commissions for a period of 90 days from the current expiration date, or 90 days from the date the state of emergency is terminated, whichever is later remains expires on 9/28/20. Institutions with renewals due are provided additional time to submit the application and institutions attempting to fulfill contingencies will be provided

additional time to complete. We have had several applicants reach out that they are unable to secure a facility, complete build out, receive approval from an occupational board or provide necessary documents due to shutdowns in Nevada and other states. Future agendas will note when the applicant was impacted by COVID 19. There is considerable lag time for documents from different municipalities.

The following processes are extended by the order:

- Licenses and Renewals
- Applicants with contingencies to fulfill
- Agent Permits
- Alcohol Beverage Awareness cards

Institutional Operations

CPE has received notice from several of the licensed colleges and universities that they will remain online or only offer lab/clinical activities in person for the fall semester. Most accrediting bodies have permitted the transition to online without significant delay or impediment through December 2020. For unaccredited NCD's, some have remained closed due to safety concerns, inability to secure practicum sites, or students be in opposition of in person learning. Other institutions have been able to hold in person training in small groups limiting the number of individuals on campus at any given time. Students have been given the option for a leave of absence if they are uncomfortable with returning to in person classes or decided they are not suited for distance education learning. Overall training in healthcare has been challenged due to clinical sites being closed or restricted to students in preceptorship and clinical placements along with restrictions and additional safety requirements of occupational boards.

The long-term impact on institutions will not be evident for some time. Historically, institutions experience an up surge in unemployed workers retooling but this is predicated on available training funds to subsidize the efforts. The CARES Act has provided funding for colleges and universities, the unaccredited NCD's are reliant of individual payments, WIOA or other work based assistant programs. Those institutions at greatest risk focus on hospitality and gaming which is likely slow to recover which will translate into lower enrollments and funding availability.

As the time of this report, two institutions have reported one student indicating testing positive for COVID 19 however the students did not provide evidence of a positive result. In both cases, the institution was closed for deep cleaning and students in the persons class were notified of potential exposure. Staff have received COVID 19 plans for the majority of institutions, and while it is not required by the Commission, the submission of such plans does document the efforts of Nevada institutions to protect students and employees.

COVID 19 Subcommittee

Mr. Jim York, United Education Institute and Marilyn Lim-Carreon with Unitek College were selected as institutional members of the COVID-19 Subcommittee. The sub-committed held a meeting on May 28, 2020 and discussed changes in NAC 394.523 and NAC 394.525 to permit distance education in the areas of gaming and massage therapy. Any changes in the area of

massage therapy would require approval with NBMT. Emergency changes would only be permitted for up to 120 days before a permanent change would be required. Gaming institutions were permitted to reopen in Phase I and massage therapy students were permitted to return to clinicals in Phase II. With the new State structure for moving forward, it is unclear how it will impact institutions.

Budget

At the special legislative session, CPE was able to have our base biennium budget stay intact. The funds allocated to computerize the agency has been eliminated, resulting in a reduction of \$352,000 over the next two years. The cooperative agreement for VA has increase by \$ \$14, 314 and runs from October 1, 2020 – September 30, 2021.

Closure Updates

Art Institute: As reported last quarter, DAG Robert Whitney filed a Position Statement with the US District Court Case No: 1:19-cv-000145 to inform the court that certain students may be owed a refund if the Department of Education paid Title IV funds in the institutions closure audit. Two of those individual’s debt occurred prior to the Receivership and outside the legal requirements to pay, two individuals may be due a refund based on payments make from the VA educational benefits programs and all other students initially identified were eliminated from consideration after the Receiver provided correspondence from DE that payments for the Winter 2019 quarter and forward will not be paid and student loans will not be processed.

In most cases, this left the students with a debt on the ledger. The Received has indicated in court filing that all student ledger debt will be eliminated. While the Nevada student indemnification statutes protect student attending at closure, it does not automatically protect students who graduated or dropped prior to closure.

Quarterly Report – UPDATE - 29 institutions still unreported, the total enrollment for the January 1, 2020 – March 31, 2020 quarter increased to 7,037 students. CPE has been contacted by institutions unable to provide a physical check until stay at home orders are lifted in various states.

Quarterly Report - With **66** institutions unreported, total enrollment for the April 1, 2020 quarter currently stands at 5,340 students. Revised numbers listed below

Discussion: None.
Results: Unanimous, motion carries.

Applications for Initial Provisional Licensure

Academy for Professional Development

Testified: Jerame Ayers, Owner provided background of the institution and California location.

Commissioner Clark – asked about number of hours in the program for EMT. Mr. Ayers gave information on his plans and why the number of hours is increased.

Commissioner Ponder – asked about job placements and military. Mr. Ayers gave information about his experience and the success in his California location. Finally, he stated he will get students to the interview, but they will need to get themselves the position.

Commissioner Frederick – asked about the marketing plan pertaining to advertising. Mr. Ayers explained he is self-taught marketing person and it seems to work for his institution.

Discussion: None.
Results: Unanimous, motion carries.

Choice Business Academy

Testified: Melvin Valentine Jr. and Michelle Valentine gave a background of the institution.

Commissioner Clark – What I am hearing is that you are really focusing on the soft skills. Mr. Valentine, yes, we are currently seeing this as is issue even in the current students of the CCSD as I am a high institution teacher. Clark furthered, where are you going to be getting your students and then how are you going to assist them in finding work? Mr. Valentine, we are confident in our current word of mouth campaign that has people already produced interest due to my work at the high institution and City of North Las Vegas. Right now, our focus is the urban core, community partners and social media. As far as employment, we are looking at call centers which we are looking at options with them. There is a huge need for people to be able to transition from working from home and in an office setting as well.

Commissioner Frederick – I see you are the institution director and an instructor. Are you still going to continue teaching at Mojave? Mr. Valentine, yes, the institution will be after the institution hours of my teaching position.

Motion: Commissioner Ponder – That a twelve-month provisional license be granted to Choice Business Academy to offer the Business Communication program, contingent upon receipt of surety in the amount of \$12,000 and personnel information.

Second: Commissioner Hersha.

Gurnick Academy of Medical Arts

Testified: Theodore Vanderlaan, gave a background of the institution and the programs at the institutions across the United States.

Commissioner Clark – What is the physical presence in Nevada? Mr. Vanderlaan, it depends on the requirements of Nevada. We are prepared to have a physical presence.

Motion: Commissioner Dr. Kenny – That a twelve-month provisional license be granted to Gurnick Academy of Medical Arts to offer Associate of Science in Magnetic Resonance Imaging program contingent upon receipt of surety bond in the amount of \$123,000 facility and personnel information.

Second: Commissioner Cantu.
Discussion: None.
Results: Unanimous, motion carries

Strayer University

Testified: Michael Hagan, Office of the General Counsel gave a brief background of the institution.

Commissioner Clark – Do you have a facility? Mr. Hagan explained the search during Covid 19 and how they will have a facility, but it will be mostly online. We are looking at both Reno and Las Vegas but anticipate the Reno location being completed first.

Motion: Commissioner Dr. Kenny – That a twelve-month provisional license be granted to Strayer University, to offer the diploma, associate, bachelor, masters and graduate certificates as indicated on the application, contingent upon facility information, staffing and surety in the amount of \$366,000.

Second: Commissioner Frederick.

Discussion: None.

Applicants for consideration of Added Program

Standards of Excellence

Testified: Janet Blumen gave a background of the institution. John Gonzales, Findley Automotive Group explained the program and idea to expand to postsecondary. Currently Findley works with local high institutions and wanted to have an opportunity to have the program expand to a postsecondary level. Conrad Torres provided an update and explained his position at the institution.

Commissioner Clark – my first question is about the 640-auto tech program, does it include the shop time? It seems a bit short. Mr. Gonzales, this is the basics of express lube packet. Commissioner Clark, who is certifying, it states certified automotive technician? Mr. Gonzales, the manufacturer via ASD.

Commissioner Frederick – I noticed that tool kit was listed in the materials. Is that student supplied, or institution supplied. Ms. Blumen that the tool kit will be supplied by the institution during training and the students will receive the kit upon graduation. If they do not graduate, then the tools stay at the institution and given to the next student.

Commissioner Hersha – Are exam fees included? Mr. Torres, yes, exam fees are all included in the tuition.

Commissioner Ponder – At the completion of the training, what is the anticipated starting salary? Mr. Gonzales, our technicians are flat rate technicians and usually start out at about \$16-\$18. Its piecework and our standard guys are making about \$35,000 a year.

Motion: Commissioner Ponder – That Standards of Excellence be granted approval to offer the proposed Automotive course contingent on surety bond increase of \$8,700, personnel information, facility information and curriculum approval.
Second: Commissioner Hersha.
Discussion: None.
Results: Unanimous, motion carries.

Students for consideration of Refund

Art Institute

Administrator Wuest gave background on the two student complaints requiring a final determination by the Commission concerning potential refunds. Both complaints are outside the scope of the Receivership of Dream Center Education Holdings, LLC, the owner of the Art Institute of Las Vegas due to the time frame of the occurrences prior to January 18, 2019. Surety Bond for \$100,000 for the Art Institute of Las Vegas was in effect at the time of the violations of NRS 394 and NAC 394 occurred. Our first student Richard Breckow he is a student who used his VA benefits, DE Title IV which were paid. Based on CPE's refund calculations he would be entitled to a total refund of \$2,006.22 paid by the surety bond from his withdraw. This was never paid by the institution. Byron Mays is student number two, a very different issue. This is an issue concerning accreditation and the Art Institutions misrepresentation that they were accredited by WASC as part of Argosy University in the student enrollment contract. CPE has found two individuals with such contracts, but the other impacted student only received DE Title IV funds. I provided both contracts to DE for consideration of Borrowers Defense. Depending on the amount the commissioners decide to grant this student there would be most of it covered by the surety bond. However, a portion would come out of the student indemnification fund. I have included two findings of fact, conclusions of law, and orders one for each student which I will go back to the surety company and obtain the refunds for the students.

Commissioner Clark – Typically, a student cannot get a full refund and then a keep the credits on their transcripts. Administrator Wuest, typically when a closure happens, they would still retain the transcripts. Commissioner Clark, were they ever a part of Argosy? Administrator Wuest, they applied to DE and were denied so they tried to place AI under Argosy, but it never happened.

Commissioner Clark – Are we looking for two motions or one motion to cover both of these? Deputy Attorney General, Robert Whitney responded I think for the sake of clarity two separate motions would be best.

Motion: Commissioner Frederick – I will make a motion that Richard Breckow be awarded \$2,006.22.
Second: Commissioner Cantu.
Discussion: Commissioner Clark, did that motion cover what you need Ms. Wuest? Administrator Wuest, I think it needs to be amended to add pursue surety. I need

to be able to go after the surety bond. Commissioner Clark, do you have any suggestions on the wording? Kelly Wuest, if you could add to file a claim with the surety.

Amended Motion: Commissioner Frederick – I will amend my motion that Richard Breckow be awarded \$2,006.22 to be filed with the surety company.

Second: Commissioner Cantu.

Results: Unanimous, motion carries.

Motion: Commissioner Cantu – I will make a motion that Byron Mays be refunded the full amount of tuition on behalf of the student to demonstrate actions of misrepresentation by licensed institutions is a serious breach of confidence and will not be tolerated as per the recommendation of the Administrator \$25,351.67 going against surety.

Second: Commissioner Frederick.

Discussion: None.

Results: Unanimous, motion carries.

Administrator Wuest, I will send you the finalized copies for signature.

Public Comment

Commissioner Clark – I would like to ask if there was a meeting of the Subcommittee? Administrator Wuest, I think we called it the Covid-19 Subcommittee. We discussed changing NAC to reflect the things if we did an emergency declaration it would expire in 120 days. We are looks at the longer-term fix, at rewriting some of it. When it came to the area of massage, we would have to get the consensus of the massage board which I have not been able to do so yet. They would have to agree changing things to online. They were okay with anatomy, physiology they were okay. When it came to massage, they were opposed to allowing that online. Commissioner Clark, I can understand that. Administrator Wuest and it had to be supervised. Commissioner Clark, are there future meetings? Administrator Wuest, we do not have one, but we will have one soon. Commissioner Clark, keep me updated I am out of my busy season.

Meeting Adjourned

Commissioner Dr. Kenny made a motion to adjourn the meeting.

Commissioner Frederick gave the second.

The meeting was adjourned by Commissioner Clark. Time: 10:50a.m.

Attached are written comment of people who were not aware they could make a comment in the meeting.

Administrators Report Prepared November 4, 2020

1. New Commissioners

I would like to welcome two new members of the Commission appointed by Governor Sisolak in October 2020. Commissioner Joe Rhodes representing the general public and Commissioner Vincent Eade representing knowledgeable about education. Thank you to Commissioner Jill Hersha for her years of service and valuable insight concerning the workforce. We will miss you.

2. COVID 19 Update

A number of IHL institutions have reported remaining virtual until at least December 2020 with students attending only practical training in person. Several healthcare credentialed programs are being permitted to conduct simulated labs due to limited access to hospitals and clinical setting. The continuation of this process will be determined by occupational boards and the various accrediting bodies. Many NCD institutions have resumed in person training following social distancing guidelines, heightened health and wellness checks and sanitation protocol. CPE has received reports of either one student or faculty member tested positive at different institutions, subsequent testing of individuals with close contact to the infected person were all negative. Clark County has initiated contact tracing for the occurrence in some cases. Temporary approvals for distance education issued by CPE will remain in effect as long as necessary to best service students.

Emergency Directive 009 expired on September 28, 2020. This directive provided additional time to submit licensing renewals, quarterly reports and extended the time for institutions to meet provisional requirements. Of the 10 institutions that received additional time to meet contingencies, eight were unable to complete the requirements by the deadline. Included in the agenda today is two institutions impacted by the expiration of the directive.

3. CPE Mail Issues

In June 2020, CPE relocated offices due to space demands at the main DETR location. At that time, staff notified institutions of the move and provided an updated address. Due to delivery issues at the new location, we have updated our mailing address back to the 2800 E. St. Louis Avenue, Las Vegas, NV 89104. We are still receiving reports from institutions that mail is being returned to sender and this has been a problem for receiving payments for quarterly fees. We are continuing to work with institutions to document the mail issues. All applications and the website have been updated to the new mailing address.

4. Document Submission Portal

Last quarter I reported that CPE lost the funding slated for FY2021 to implement a computer system to manage licensed school records and permit online payments of fees. Our business model has required most submissions to be received via paper up until this point and email if the information was a small file size and did not contain confidential material. DETR has provided CPE a document submission portal to enable licensees to submit applications and confidential materials directly to the server. Institutions are able to submit student records enabling staff to conduct the require licensure audits.

5. VA

Staff attended the National Association of State Approving Agencies (NASAA) virtual Summer Business Meeting in August 2020. At the meeting, Michelle Nash-Hill, VA Education Specialist was elected to the position of Vice President for the association after dedicating several years chairing and working on various association committees. Ms. Hill serves on the executive board for the association and will progress to the role of NASAA president in August of 2021. CPE congratulates her on this prestigious honor.

Public Law 116-128, then Public Law 116-140 (Student Veteran Coronavirus Response Act of 2020. These laws give VA temporary authority to pay education benefits and Monthly Housing Allowance (MHA) payments to GI Bill ® students at the resident rate when their programs are converted from in-person to online learning solely due to COVID-19 until December 21, 2021. Originally, these special COVID-19 laws were only in effect from March 1 to December 21, 2020. However, in the fall of 2020, these laws were extended by PL 116-159, section 5202, applying special COVID-19 rules until December 21, 2021. Beneficiaries are able to maintain the full basic allotment of housing for their geographical area versus ½ of the national average. For NCD institutions, they are permitted to provide courses via distance education which is usually prohibited.

3. Closures and Openings

Let's Make a Dealer (licensed 12/2005) – Notified September 2020, waiting on closure documents and transcripts, noted COVID 19 as primary reason. Taught out students.

American Locksmith Institute of Nevada (licensed 5/1992), Notified September 2020, when following up on school closure documentation receive notice from family that owner Gene Altobello died in September. Many have student indemnification claims.

Finishing Trades Institute (licensed 7/2017)– Closed at end of September due to merger of Nevada Training Trust with California division. Plans on reapplying in the next year once apprenticeship programs have been solidified. No student indemnification claims.

The following institutions met all contingencies to receive a provisional license during the quarter:

- Choice Business Academy
- Mountain View Hospital Paramedic Institute
- United Education Institute

My Computer Career
For Action: November 12, 2020

My Computer Career was granted a provisional approval to offer five programs in Cyber Warrior; Information Technology Security and Administration; Cyber Security Engineer; Information Technology and Security Specialist; and AAS in Information Technology Network Administration and Security during the November 6, 2019 Commission meeting. All contingencies were fulfilled, and the license was issued on July 2, 2020.

As the initial startup was delays, there were only four enrollments during the past quarter and no completions for staff to conduct an audit of the institution's operations. Therefore, I recommend that:

The provisional license for My Computer Career be extended for an additional six-months.

For Action: November 12, 2020

Rika Makeup Academy is owned by Erika Rendon a sole proprietor. CPE discovered Rika Makeup Academy through local advertising, required the business to complete a licensure evaluation determining that licensure is required. On January 29, 2019, CPE sent Rika Makeup Academy a cease and desist notice to halt advertising of their pro makeup course. Through student complaints, CPE discovered that Rika Makeup Academy collected tuition in May 2019, the same month in which they appeared in front of the Commission for initial licensing.

Rika Makeup Academy was granted a provisional licensure to offer the 112-hour Professional Makeup course at the May 2019 Commission meeting. All contingencies were fulfilled, and a provisional license was issued on October 8, 2019. An onsite audit was planned for mid-July, 2020 but was unable to occur due to Covid-19 and continued travel restrictions. At the May 8, 2020, the Commission granted a 3-month provisional license to permit staff to meet with students and conduct an audit. In the midst of Covid-19, staff has developed remote audit protocol for our audit procedures.

On October 14, 2020, a remote audit was conducted with an audit questionnaire completed by the institution. The institution has reported 47 students. From the 47-students enrolled, CPE staff selected 10 student files that reflect different cohorts. The audit included inspection of administrative personnel and instructors' files and quarterly reporting required by NRS 394.441 and NAC 394.640. The audit revealed the school owner Erika Rendon and husband Rafael Aguayo, Marketing Director demonstrated lack of knowledge of the NRS and NAC Chapters 394. Records are inconsistent, appear to be altered or created to meet the audit standard. Over 50% of all students did not complete the program and the institution failed to refund student appropriately in violation of NRS 394.449.

Due to the significant findings listed in this report, CPE Administrator recommends that the license terminate as the institution is unable to meet the standards and that all students files must be immediately surrendered to the Administrator to determine if additional students refunds are warranted.
