Commissioner Mikhail asked about program outcomes and Mr. Mugerdechian responded that the program range between 75 -85% and consistently over the 75% rate. Commissioner Mikhail asked about the previous outcomes at NTI and Mr. Phau responded that they never started a class. Commissioner Mikhail asked about the UNLV program being listed under continuing education. Mr. Phau explained that the program was focused on career change versus someone graduating from high school. Many of the individuals attending the program already had a degree but needed the specific skills with only about 5-10% not having any postsecondary education. Mr. Phau responded that he was aware of three individuals who worked for his firm decided to pursue a law degree.

create a digital resume that will include a playlist of what the person worked on whether they produced it, recorded it or assisted with social media marketing. Mr. Pinnington described the four training programs to be offered by the school and the hands-on experience and companies he has identified in need of qualified individuals. He has been active in the EmployNV hub and planning on working with them to train the workforce.

Discussion: Commissioner Mikhail asked about how the hands-on experience would occur. Mr. Pinnington indicated that he had a truck that students would be able to practice wrap and a door that would be a first project. The film can be removed to repeat the process. He indicated that he had qualified instructors including himself to provide the training. Commission Mikhail asked about whether graphic design was part of the program and Mr. Pinnington indicated that he has a graphic department and to include this would be a longer training. Commissioner Ponder asked about starting wages for graduates, which Mr. Pinnington responded the range is from \$16-\$20 per hour. We are encouraging at least \$18 hour but \$16 is where most printers start. Commissioner Ponder asked about after a few years on the job and the response was between \$20-\$25 per hour. Commissioner Frederick asked if anyone else is teaching this because it is very forward thinking and cool. It was confirmed that no other training like this is approved. Commissioner Abe provided information on the WEX program with the Career Enhancement Program which is state and WIOA funded.

Motion: Commissioner Kenny – That a twelve-month provisional license be granted to Vegas Print School to offer four programs in Car Wrapping; Commercial Printing; Large Format, and Screen Printing upon receipt of surety bond in the amount \$14,000, and personnel information.

Second: Commissioner Mikhail

Results: Unanimous; motion carries.

Order to Refund

Career College of Northern Nevada

Testified: Administrator Wuest explained this is the third list of student indemnification claims and there are three claims, two new and one revised because the student was able

to provide receipt evidence of the cash payment. The period for claims will close at the end of the week since it is 12 months from the date of closure. I can confirm all the 25 veterans were taken care of through restoration of entitlement. They got back the benefits they used while attending the institution. CCNN is on the closed school list for federal financial aid. Students can contact them and file a claim to have their student loan dismissed. Staff have also been able to provide 16 diplomas to past students. We did take possession of the past diploma's when we secured the campus records so they would not be destroyed. As students reach out to us, we check to see if we have the original diploma.

Starting July 2024, we began collecting the \$5 new student fee to replenish the student indemnification account. So far, we have collected \$89,800 and will pay out students as the funds become available. We anticipate completing payouts by May 2025.

There is a new bill AB 164 that has proposed to increase the student indemnification account from \$250,000 to \$750,000. If it passes it will take approximately 4 years to replenish the account and 2 years if the amount remains the same. I want to remind institutions that they can charge \$5 to students if they wish and recommend it for the short term, low cost programs.

Discussion: None.
Motion: Commissioner Kenny – That we approve the claims as submitted.
Second: Commissioner Frederick.
Results: Commissioner Todtman left prior to vote- all other votes approved; motion carries.

Public Comments

Kassondra Scott confirmed no one was physically present, in the Zoom meeting, or on the phone for public comment.

The meeting was adjourned by Commissioner Frederick. Time: 10:53 AM PDT.

For Action: May 7, 2025

Doral College was granted a provisional license at the May 1, 2024, Commission meeting to offer the Associate of Arts, Bachelor of Business Administration, Bachelor of Elementary Education and Master of Educational Leadership degrees. The institution addressed outstanding contingency items and was issued a provisional license on October 30, 2024. The institution began offering courses starting the Spring 2025 semester.

At the time of the required audit, the institution was in its first semester of operation. A six-month extension of the provision license is requested so the institution will have completed two semesters for staff to perform the required audit.

For Action: May 7, 2025

Las Vegas Bartending School was granted a provisional license to offer the Bartender Certificate program during the Commission meeting held on November 1, 2023. All contingencies were satisfied, and the provisional license was formally issued on May 31, 2024.

On March 4, 2025, a provisional audit was initiated; however, the facility did not have internet access, and the Academic Director was unable to retrieve student records except via phone. As a result, the audit could not proceed as planned and student records were requested electronically to complete the audit remotely. The findings of the audit necessitate additional time to ensure the institution can adequately demonstrate compliance with student record-keeping requirements pursuant to NRS 394.441, NAC 394.640, and all other applicable provisions of NRS 394.

For Action: May 7, 2024

Southern States University was originally licensed during the May 4, 2016, meeting. The institution was previously accredited by ACICS which was derecognized by the U.S. Department of Education. The institution is in the process of gaining accreditation with the Higher Learning Commission and meets Nevada requirements to operate as an unaccredited degree granting institution.

At the May 1, 2024, meeting, the Commission motioned to move SSU to a one-year provisional license, capping enrollments to 20 students, reporting any changes with BPPE licensing status and requiring quarterly updates on accreditation process to the Administrator. SSU has provided CPE staff with quarterly updates concerning enrollments, completions, California licensing and accreditation.

I recommend that:

The provisional license for Southern States University be extended for an additional twelve months with the following requirements:

Set an enrollment cap at no greater than 20 students at any given time
Require adjustment of surety bond to 100% liability at \$172,000
Require SSU to report student enrollments, drops and completions to CPE on a quarterly basis
Require SSU to immediately report any changes in BPPE licensing status
Require SSU to provide CPE any notices from the Higher Learning Commission upon receipt.

Institution: Haven University
Dr. Brian Trott, Dean of Administration and Director for Masters of Divinity
Dr. Linda Trott, Director of Distance Education

For Action: May 7, 2025

Haven University was granted a provisional license at the May 2023 Commission meeting. All contingencies were met, and the provisional license was issued June 29, 2023. Haven University appeared at the May 2024 Commission meeting for full term license having completed the audit with no findings.

Currently, the institution is approved to offer a Master in Business Administration and a Bachelor of Science Business Administration at the Las Vegas Campus. The institution is applying to add four additional programs to the Nevada license in religion and ministry studies. Since the programs are outside their current scope of operations Commission approval is required. All four programs are approved by Transnational Association of Christian Colleges and Institutions (TRACS).

Recommended Motion:

That Haven University be granted approval to offer the proposed Bachelor of Arts in Religion, Master of Arts in Religion, Master of Divinity and Doctor of Ministry degree programs contingent on personnel approval and additional surety bond coverage in the amount of \$99,000.

Request for Added Programs Under Provisional License Status

For Action: May 7, 2025

NC Lab was granted provisional approval to offer the certificate program in Python Developer during the February 1, 2023 Commission meeting. All contingencies were fulfilled, and the license was issued on February 21, 2023. NC was granted an extended provisional license in February 2024 for no enrollments.

CPE staff met with Mr. LaFrance in September 2024 concerning the institution. NClab has been providing training in conjunction with University of Nevada Reno as part of a degree program and with College of Southern Nevada and Truckee Meadows Community College. While NClab provided the online software and education support, all funds and student enrollment occurred within the public institutions resulting in the zero enrollments reports. CPE staff are working with NClab to have the student enrollments properly recorded.

At the November 6, 2024 Commission meeting, NCLab was granted an 9 month extended provisional license to address student enrollment challenges in the Python Software Developer program. In addition, the Commission approved two new programs: the Data Analyst program (315 hours) and the Automation Technician program (105 hours).

On February 26, 2025, the institution submitted two new added programs for Data Analysis Mini-Credential (175 hours) and SQL Mini-Credential (105 hours) to enable NClab to enroll students in the programs as an institution outside of the contractual agreements with Nevada System of Higher Education. These programs are within the institution's scope of operation but require the Commission to permit the addition through a motion since the institution is in a provisional status.

I recommend that:

NC Lab is granted approval to add the new programs in Data Analysis Mini-Credential and SQL Mini-Credential.

Subject: Student Indemnification Claims
Career College of Northern Nevada Closure

For Action: May 7, 2025

The following are student indemnification claims for students attending the Career College of Northern Nevada when the school precipitously closed on February 9, 2024. A total of 226 students were impacted by the closure.

Starting in Quarter 3 (July 1, 2024 – September 30, 2024), CPE began collecting the required \$5 per new student fee pursuant to NRS 394.557 to be deposited into the Account for Student Indemnification due to the account falling below the \$250,000 required amount. This is a fee that can be charged to incoming students by the institution and will remain in place until the account balance reaches a minimum of \$250,000. NRS 394.520 requires a \$10,000 reserve to be held in the account at all times. As of April 9, 2025, a total of 44 claims have been paid out (\$474,101.36) and 5 additional claims are in various stages of processing.

The list of 2 students, tuition and fee changes along with the indemnification amount for each student is attached for the Commissions review. The time frame for student indemnification claims closed on February 8, 2025, and no additional claims will be accepted. If approved by the Commission, claims will be processed as funds become available in the account based on the submission date and return of the Claim Release Form. Student Indemnification Fund collection for the quarter January 1, 2025 – March 31, 2025, was reported in the Administrators Report.

Recommended Motion:

To approve the student indemnification claims as outlined by the Administrator.
