Dear Governor Lombardo,

This letter is to acknowledge your efforts in ensuring that the services of Bureau Vocational Rehabilitation, Bureau Services to the Blind and Visually Impaired, and Older Individuals Who are Blind, are funded. We believe that the work of the agency in place provides critical services to all Nevadans impacted by disabling conditions; making it possible to remain independent and live meaningful lives with the goal of gainful employment which adds to our workforce. Without your consideration for funding these individuals would suffer great losses in life changing services. Therefore, the Nevada State Rehabilitation Council extend sincere gratitude to you for this gesture.

Sincerely in service,

Nevada State Rehabilitation Council
